

# **PACT**

## **TECHNICAL SPECIFICATIONS**

**UPDATED DECEMBER 2023**

PACT is situated on the unceded land of Gadigal people, We are privileged to gather and create art on their land. We pay our respects to elders past and present. Always was, always will be Aboriginal land.

# About Us

Located in the heart of Erskineville, PACT's venue is a **flexible warehouse space** providing a creative hub for the contemporary performance community in Sydney through the generous support from the City of Sydney. We offer **subsidised space hire** for working independent artists, not-for-profit arts and community organisations, schools, and other businesses.

PACT is an **accessible venue**, with level access throughout the public areas of the building and non-gendered, ambulant and wheelchair accessible toilets.

There is accessible (non-dedicated) street parking on Railway Parade. The nearest accessible train station is Newtown Station (15 mins).

# Black Box

The black box is a highly versatile space and can be used for theatre and dance performances, gigs, video shoots and rehearsals.

The space is painted using low sheen black paint. A roller door and loading dock connects to the black box.

The space includes two mezzanine areas on the north and south facing sides of the space that can be accessed by staircases on both sides of the space.

The gender neutral dressing room is equipped with mirrors, mirror lights, costume racks, furniture, fridge and toilet facilities. The two entrances and exits open into the main performance space.

View the black box floor plan [here](#).

## In a Nutshell

- 195m<sup>2</sup>
- 4.5m ceiling height
- LED rig
- 4x speaker PA system
- Standing audience capacity 150
- Seated audience capacity 64 - 80
- Removable seating bank
- Optional Tarkett

## SEATING AND CAPACITY

The total black box capacity is 150 people.

When fully constructed, the seating bank fits 64 people.

Extra floor rows can be added or seats can be placed in the mezzanine to increase the seated capacity to a maximum of 80 people.

Dimensions of seating bank:

8m (length) x 4.25m (width) x 2.85m (height)

## LIGHTING GRID

### Power

There are 42 patch points available throughout the roof.

We have 3 HPC dimmer racks, with 24 dimmable outlets.

One rack is a dedicated hot power rack, with 12 HP circuits available.

### Elevation

Due to the slanted floor, PACT has a slightly varied grid height. It is however barely noticeable over a long distance.

Height to grid (lowest, stairwell corner): 4390mm

Height to grid (highest, roller door corner): 4720mm

### Grid

The lighting grid is in a fixed grid configuration. Extra bars can be added in consultation with the Venue Manager but must be removed during bump out.

### Standard Rig

We have a standard LED rig, which consists of a back wash, a top wash, a FOH wash and a moving head at FOH position. Please note that any changes to the rig will be at a cost to the hirer.

View the standard black box rig [here](#).

Please email our Venue Manager for a VWX 2023 file.

# Courtyard

The courtyard is a large outdoor area that can be utilised for live music events and stalls, but has flexibility to cater for much more and much less! It is equipped with outdoor seating including chairs, benches and milk crates and an undercover area.

Its walls are apart of our 'Heal Country' Mural, painted by MadWing artists Maddison Gibbs and Jason Wing. This provides rich meaning to the space along with a splash of colour that our community has come to love and admire.

The courtyard is closely located to our bar and white box gallery, allowing for easy access.

View the courtyard floor plan [here](#).

## In a Nutshell

- 200 m2
- Fully accessible deck that can double as a stage
- Power available throughout
- Undercover area
- Seating included
- BBQ, marquees and fire pit available
- Festoon lighting

# White Box

The white box is a recently renovated space perfect for small exhibitions for artworks and installations.

The space is modern with a rustic touch, and offers great flexibility for lighting adjustments and other installation requirements.

Some like to use artificial lighting with grand hanging fixtures in the space to create something otherworldly, while others enjoy using it simply for its natural lighting and rustic appeal.

The space is located close to our open bar and courtyard, making it the perfect place for both casual viewing and special events.

View the white box floor plan [here](#).

## In a Nutshell

- 26 m<sup>2</sup>
- High ceiling with natural lighting
- White walls with rustic brick splash
- Typically used as a gallery or installation space
- Ability to hang small fixtures from ceiling
